Among the new services which the library offers is a Story Hour for children conducted by Mary Fosher. We now have 25 large print books for the use of people with poor vision. Once a month Keene Public Library allows us to borrow 25 mystery books on Inter-Library loan.

We have continued the monthly movie hour during the past year with growing success. RCA donated 25 phonograph records for which we are very grateful.

The past year has been a very good one for the library with many gifts among which are: a substantial amount of money from Harold M. Mayo (grand nephew of Reed Brothers), subscriptions to American Heritage and Scientific American from the daughters of Arthur D. Britton in memory of their father.

The Towar Arnold's presented a large hooked rug. Howard Blewett built and donated a fine magazine rack.

We wish more adults would use the library as "Reading Can Be Fun".

## Report of Forest Fire Warden & District Chief

People cause fires. Our records show that the number of fires increase in an area as the population increases and our state is growing tremendously. This means that we all must be aware of fire causes and do our best to prevent their occurrence.

When we are very young the lighted matches is an adventure, burnt fingers and a dropped match is another fire. A little older we like to have a woodland cookout, or go out by ourselves for a smoke but fire and forests get together for another statistic. We adults like to clean up in the spring, burn the old debris and the dead grass, result — escaped fires and much personal expense.

With new homes and summer cottages located in woodlands and with abandoned fields and forests crowding the back yard of our villages' streets, it is necessary that everyone be aware all through the fire season, which comes with the disappearance of the snow, of the need to be careful with outdoor fires and fire sources.

The following action will help:

1. To teach our children the danger of lighted matches.
2. To NEVER discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn—
  - a. You need a written permit from the town fire warden for ALL debris burning except when the ground is covered with snow. Cooking fires in outdoor fireplaces or in charcoal brasiers in your own back yard is permitted on notification of the warden.
  - b. The warden is forbidden by regulation to allow burning of household rubbish on GRASS by householders between 9:00 A.M. and 5:00 P.M.
  - c. Have equipment on hand to control the fire BEFORE you light the match.
4. Promptly report any fire out of control to your fire warden or fire department.

Help to keep our town out of the fire occurrence column and save your tax dollars for useful purposes.

Forest fire record for 1968:

State	593	349
District #10	80	113
